

# NICARAGUA CHRISTIAN SCHOOL COLEGIO CRISTIANO EN NICARAGUA

## AWARD WINNING LETTER

A university scholarship for our graduates has been funded by an anonymous donor. Each student was asked to submit a letter. This is the letter written by Jeremy Danelia Centro Altamirano who was awarded a full scholarship and a \$100 prize. Please contact David McCrary to sponsor one of our NCS graduates in university for \$125 per month.

“BLESSINGS” This morning the teacher directed us to write a letter, but then I asked myself what I am going to write in my letter and it came to mind how people constantly ask me where he studied and then they ask me and how is that school so I said ok why not write my answer to that question, then here I go, If you ask me what I think of the school and how it has changed me, I would say that, in this school I found a family and true friends but that I had also found true love for God I knew how to forgive. I learned to have tolerance love for myself and others. This is not just a school which simply teaches, it also distributes love to each of the children and each of the families. It is a school where you would like to stay all the time. This school gives you a clear example of how you should love your neighbor how you should help contribute even a small detail. Although we see it that way that little one, that little detail can change someone’s life just like it did with me. This school gave me a 360 degree turn, yes that way. It was great because it turned what I thought was going to be my life. When I entered this school I had no hope, I thought that my studies were not going to be done. But when they accepted me in this school I understood that the true hope is the last thing that you lose; that you always have to fight for your dreams and for what you really want. When you greet the teachers you don’t look at them as authorities, you look at them as friends and as people you admire. You respect them for seeing how they do his work with so much compassion. And that more than demanding they advise you, instill in you and give you the confidence to be able to tell them anything because they inspire confidence and respect. I think my story is just one of many but the more human beings see the experiences of others, the more they understand. The Center not only illuminated my life but also my future. Today I can say that I look at myself as a professional person.

In times of pandemic you get depressed, scared and see it as a time of pain and suffering but more than that we would have to look at it as a time to take advantage, to take advantage of doing what you could not, because you did not have time, rest after working from sunrise to sunset every day. God does everything with a purpose even though we think it is a disgrace. God has an elaborate plan. Personally at this time I felt senseless, in fact I remember that one night I knelt to speak with God and I asked him Sir what is the meaning of my life, tell me, why can’t I find him at that moment I felt an indescribable sensation in my body, at that moment I still didn’t understand but then I had such a pleasant moment with me family and I thought then that this is my purpose, to live, to be loved by my family and I love her. To be a good daughter, after asking myself so much what my motive was, I did not find one I found many reasons, when God told you give the answers are not immediate let’s not wait for God to answer us at that very moment. God arrives at the moment we least expect it. He gives us the answers when we least expect it. Personally at this time God guided me and enlightened me in this school more than an educational center is a family. It is a “family for Christ.”

## UNIVERSITY STUDENTS GIVE BACK TO NCS

One condition for a university scholarship is that students give of their time to NCS. Some are doing maintenance work in these pictures.

## **FOLLOW NCS ON FACEBOOK**

To find videos and information about NCS school activities, please search for **NICARAGUA CHRISTIAN SCHOOL** on Facebook.

### **CHALLENGING TIMES**

This has been a challenging year for Nicaragua Christian School. Schools in Nicaragua had to shut down for a time and do on-line learning just like we did in America. In July, NCS was able to return to school in the classroom. We owe a big debt of gratitude to our administration, faculty and staff for the excellent way they led our school through this difficult time. Thanks to their splendid work and dedication, we were able to successfully finish the school earlier this month. This year we were able to award diplomas to thirty-six graduates. We are pleased to report that all thirty-six will be attending university.

### **GRADUATION 2020**

### **NCS ENDOWMENT FUND**

The NCS Endowment Fund goal was set at \$100,000 this year. Recently this number was eclipsed thanks to the sacrifice and dedication of our NCS family and partners. A final report will be given in the spring edition of the newsletter after an opportunity is given for end of the year gifts to be added to the endowment fund total. Thanks for making this dream a success.

#### **SPONSORS NEEDED**

We continue to need sponsors for students. For \$40 per-month or \$480 per-year, you can provide an outstanding education for a child like one of these who, without your help, might not have the chance to go to school.
